# HEAVY DUTY DEGREASER CITRUS

CTD15

**GUNK® Heavy Duty Degreaser-Citrus** is a powerful blend of solvents and surfactants specifically designed to break through layers of oil and grease that build up on equipment and tools. Spray it on and wipe it away to instantly remove the debris that causes machines to fail. It comes packed with a citrus punch and a pinpoint accurate spray nozzle that makes hitting hard to reach areas easier. For use on all types of tools, metal work surfaces, vises and industrial machinery. Can also be used to clean and degrease some durable concrete and painted surfaces.

#### APPLICATIONS:

- Dissolves Grease And Oil On Tools And Equipment
- Spray On And Wipe Or Rinse Off

**DIRECTIONS:** 1. Shake well before use. 2. Spray onto surfaces to be degreased or apply to a shop towel and rub area to be cleaned. Avoid contact with skin and eyes. 3. Brush unusually heavy deposits and apply additional degreaser to increase effectiveness. The longer it soaks, the better it works. 4. Wipe surfaces clean with a shop towel or rinse with water to finish cleanup. **NOTE:** Avoid the use of this product on tile, asphalt, black top, or other surfaces stained, softened, or attacked by petroleum solvents. Prior to use on painted or coated surfaces always check for attack in an inconspicuous area.

**STORAGE, HANDLING & DISPOSAL:** Do not expose to heat, sparks, or open flame. Do not store at temperatures above 120°F (49°C). Do not puncture or incinerate container. Do not expose container to electrical connections or battery terminals as this may cause the container to rupture and result in serious injury. Do not apply to energized electrical equipment. Use only in a well ventilated area with a good flow of fresh air. Dispose of oily rags in an airtight container to reduce the risk of fire. The residue resulting from the removal of oils and greases may be considered a hazardous waste depending upon where and how generated. Contact local authorities for best way to dispose of waste. Do not dispose of contaminated rinse water into watercourses, storm sewers, or onto the ground. Proper disposal includes collecting and evaporating rinse water and/or recycling and disposal of all residues and the empty container in accordance with all local, state, and federal laws and regulations.

**DANGER:** Harmful or fatal if swallowed. Eye and skin irritant. Prolonged contact will dry and irritate skin. Avoid prolonged contact with skin and any contact with eyes. Use only in a well ventilated area. Deliberately inhaling concentrated vapors can be harmful or fatal.

**FIRST AID:** **EYE CONTACT:** Flush thoroughly with water for 15 minutes while lifting eyelids and then get prompt medical attention. **SKIN CONTACT:** Wash with soap and water. If irritation persists, get medical attention. **INHALATION:** Move to fresh air. If breathing become difficult, get prompt medical attention. **INGESTION:** **DO NOT INDUCE VOMITING.** Call Poison Control Center, Physician, or Hospital Emergency Room Immediately.

#### KEEP AWAY FROM CHILDREN AND ANIMALS
